Friday, 30<sup>th</sup> October 2020

Dear British Airways Virtual Pilots, Virtual Airline and Organization Leaders, and the IFATC Community,

It is our absolute pleasure to announce a new initiative at British Airways Virtual:

## The BAVA Community Connection Program

The Infinite Flight Community is a strong and thriving one with members from around the world coming together under a shared passion for aviation. At British Airways Virtual, we've always strived for a diverse and welcoming membership that is connected with the Virtual Organization and Infinite Flight ATC communities. Our intent is to further strengthen that connection with the new BAVA Community Connection Program.

As part of this program, we're creating a new group of members: The BAVA Connection Group. The members of this group, for now, will consist of:

-  IFATC Supervisors, Trainers, and Recruiters
-  Virtual Airline / Organization CEOs/Presidents
-  Select BAVA Pilots / Members

*BAVA is a member of the Infinite Flight Community and has no affiliation with the real-world British Airways or any of its affiliates.*

Below are some **features of the new BAVA Connection Group**. We expect these features to evolve over time.

- Members of this group are **exempt** from activity requirements.
- Members will be assigned a **special callsign** (even those grandfathering their callsign from IF 20.1, which they can keep using) should they want to fly for BAVA and/or join our events.
- A **special badge** is available for IFATC Supervisors, Trainers, and Recruiters.
- Virtual Airline / Organization CEOs may use their **own organization's badges**.
- Members may **choose to use BAVA pilot badges** to follow our career path as BAVA pilots.
- **All members** will still be bound by our Code of Conduct, Joining Agreement, and of course, our Slack workspace rules.

**If you are part of any of the groups mentioned above, please contact a member of the Senior Leadership Team to get set up.**

We're excited to get the BAVA Community Connection Program going and see where it will take all of us. As always, be on the lookout for more to come, soon, as our 4-year anniversary approaches fast!

Sincerely,

*Chris Wing*  
President and Owner

*Jon Hasselhoff*  
Deputy President

*Matevž Treven*  
Deputy President
